Part II

Please provide an itemized list of how the award money was spent.

In addition, we encourage award recipients to:

1. Submit pictures and videos with appropriate photo releases (see photopolicy) of yourself working on your project.
2. We strongly encourage all Undergraduate Research awardees to present their research at the ASBMB annual meeting or at a regional ASBMB research symposium.

The American Society for Biochemistry and Molecular Biology encourages chapters to submit photos of chapter activities, including chapter and regional meetings and outreach events, among others. The society uses these photos on its website, in print materials and on social media accounts to promote the ASBMB Student Chapters program. However, the ASBMB requires chapters to adhere to the following guidelines when submitting photos:

I hereby grant full permission to the American Society of Biochemistry and Molecular Biology to use my photograph and/or name in any publication or advertising materials (printed or electronic). This consent also serves to waive all rights of privacy or compensation which I may have in connection with the use of my photograph.
